CRP on AAS Performance Matrix

Submitted by:
CRP on AAS

CRP Performance Matrix

Name of CRP : AAS

Flagship Projects	Expected outcomes 2015 (Quantified)	Expected Outcomes 2016 (Quantified)	Means of verification*
Flagship Project 1: Program level research and synthesis	10 research and development partners engaged in the assessment of aquatic productivity improvement technologies and committed to using its results to guide practice in aquatic agricultural systems	10 more	partner survey
	5 projects and programs promoting AAS technologies	5 more	partner survey
	15 research and development partners incorporating elements of the AAS approach	20 more	partner survey
Flagship Project 2: Asian Mega-Deltas			
	25,000 households with income increased by at least 10%	50,000 more	adoption survey
	1000 women farmers with new access to high quality aquaculture inputs	1000 more	adoption survey
	10,000 households have at least 10% increase in per capita consumption of nutrient-rich fish	10,000 more	adoption survey
Flagship Project 3: South-East Asia and Pacific Islands			
	20 community-based action plans including elements of natural resource management	20 more	project reports
	100 households with women engaged in farm-level enterprises where they were not before	100 more	project reports
	15 platforms/groups using PAR cycles	15 more	project reports
Flagship Project 4: African Inland Waters			
	20 community-based action plans including elements of natural resource management	20 more	project reports
	100 households with women engaged in farm-level enterprises where they were not before	100 more	project reports

15 platforms/groups using PAR cycles

15 more

Notes:

For work in AAS hubs (FP 2-4) outcomes relate to AAS' seven IDOs. Work is further advanced in FP2 where we will report against our material IDOs (income, nutrition). In FP3 and 4 we report against our enabling IDOs (capacity to innovate, future options). In all three we report against gender. FP 1 on Global Science synthesizes learning and generates international public goods. FP 1 indicators are on the use of this output.
